There has been no loss of life. The rioters attacked the Tulla Pump in the Superintendent's first column and killed no one, as far as has been reported. The Engineer of the Pump was killed or mortally wounded and the Engineer of the second column reported the Mahomedans will renew the fight.

Cadiz, 1st July.

Mahomedan riots continue and are now the Northern Division of the army and small bands have struck and have joined the rioters, many of whom are armed.

This morning a Minister was dragged from his house and severely beaten. Two of his sons and a brother were attacked and one of the latter was killed. The Minister and his brother were wounded. A volunteer was caught beating his clothes out on fire, and

then he was thrown into a gallery and told to go home. A European lady proceeding to her home was attacked. She promptly drew a revolver and wounded several of the mob and killed one, the remainder fled.

A strong party of European police led by the Deputy Commissioner while proceeding to the scene, were attacked by a mob of about 500 persons, the police opened fire and after a desperate fight the mob retreated. Proceeding a little further the Police were confronted by two thousand rioters who opened fire on them and a pitched battle ensued. The Police being considerably outnumbered were compelled to retreat and the rioters carried away their dead and wounded. Several police were wounded slightly. A body of twenty police returning from the scene were attacked by a overwhelming crowd of rioters. The police fought with extreme bravery and refused to retreat but after a short fight every one of them fell wounded and were subsequently removed to hospital.

Reports come from all sides that Europeans are being attacked, but so far the rioters have not entered the Midland.

It is believed that the rioters have telegraphed urging the authorities to pay out the rioters, but the police consider paying an absolute waste of time and the military are of opinion that a few rounds of ball would disperse the rioters and the riot.

Scattered leaders are being circulated giving an untrue account of the cause of the riot and urging the Mahomedans to uphold their religion.

Calcutta, 22nd July.

The Mahomedan riot has ended. The Mahomedans state that the mosque and ground on which it stands have been acquired by them and that having gained the point to which they have no further desire to continue the disturbance. Everything was quite last night and to-day.

Calcutta, 23rd July.

The Mahomedan rioters were quiet last night in Calcutta, but an attempted rising occurred at Kidderpore and Howrah. The police gathered the rioters at both places and prevented the rioters from entering the city and later on the approach of an armed force, the rioters dispersed.

It is feared, however, that the riot will again break out in the day, as this time some well known members of the Mahomedan community have issued a printed leaflet stating that the owner has given over to the Mahomedan community the land on which the mosque stands and has agreed to build a mosque in place of the one demolished, and implying that the Mahomedans have secured against Government, the police and military. The whole story is a deliberate lie as the present owner, only having a life interest, has no power to dispose of any part of the land in question. The owner fully denies the story and it is expected that as soon as the rioters realize they have been duped they will break out again.

In consequence of the numerous attacks made on Europeans during this disturbance a tremendous rain has been made on gunboats with the result that several Europeans have been killed and many others injured. The ordinary press and many shops are run out of stock.

The editor of the *Hindustan*, who was recently sent to prison on a charge of libel and who was released on bail, has been distributing leaflets himself by daily publishing leaflets for the benefit of the rioters and others giving the latest details of the progress of the riot and of the arrangements for putting down the disturbance. These leaflets were printed on green paper in the vernacular, were circulated broadcast, and were taken full advantage of by the Mahomedans who arranged their tactics accordingly. These leaflets, issued in blocks, were distributed by means of a network of streets with municipal piping, lamp posts, telegraph wires, etc., extending the whole length of the city, and on the approach of the military or police, stoning them while engaged in the distribution and then leading up narrow lanes into bustles.

Calcutta, 24th July.

A volunteer named Colman, a Jew, was charged on Saturday before the Chief Presidency Magistrate with causing mischief by cutting the telephone wires and storming the police and passers by during the riots. The case was adjourned till being refused.

About five thousand men held at Nalliaty struck work this afternoon and marched towards Calcutta. The Barrackpore police turned out to intercept the strikers and a light is now going on to prevent the strikers from receiving states that two Europeans have been killed and one wounded.

The Local Government has refused to permit any compromise in regard to the mosque dispute and the Commissioner of Police issued orders this afternoon forbidding Mahomedans assembling at or near the mosque. Great excitement still prevails here. Europeans to about midnight and day and it is generally believed that there will be another riot before many days pass. There is no truth in the statement published by the *Zamindar* that permission was asked of the Government of India to fire on the rioters. The Commissioner of Police had full power in the matter and exercised it.
